SKILLS

Object Oriented Programming
MVC / MVVM Development
Application Deployment
Unix / Linux
Agile Methodology
Git Version Control
Code Performance Optimization
Mongo & Postgres Database
REST & SOAP Web Services
HTML / CSS
Building with Grunt and Gulp
LESS and SASS precompilers
Functional Programming Concepts

SOFTWARE

Sublime Text
WebStorm
Adobe Photoshop
SoapUI
JIRA / Confluence / Crucible
XAMPP

LANGUAGES

JavaScript (Angular, Node, jQuery)
VBScript
Python

ABOUT ME

I am a skilled developer that's constantly learning bleeding edge technologies to maintain a relevant knowledge base and skill set, has a diverse background in and infectious enthusiasm for technology, and is able to prioritize effectively to accomplish objectives with creativity.

EMPLOYMENT

UX/UI ENGINEER at Schneider Electric
Austin, TX ▪ 2014 – current
+ Design, develop, and deploy JavaScript/Angular web applications to visualize millions of records of tolling and traffic data for clients.
+ Create many types of data visualizations using Kendo UI, D3, ChartJS, Raphael, Google Maps, and more.
+ Configure development and production servers for testing and deployment (MEAN stack installation and configuration).
+ Handle user preferences, permissions, security, and authentication concerns.
+ Effectively communicate with management, middleware, and backend teams to make deadlines.
+ Use Node for application hosting, Express for creating endpoints, and consume Soap web services provided by middleware team.

IT PROFESSIONAL at IBM
Wichita Falls, TX ▪ 2008 – 2014
+ Provided highest tier desktop and network support for client base that included over 1000 clients at 10 locations across a 150-mile stretch.
+ Wrote VBScripts, HTAs, and batch files to automate as many repetitive tasks as possible.
+ Saved IBM roughly $25,000 on temp laborers for a lease rollover project by developing a process to single handedly complete the project while still completing my normal daily work load.
+ Finished 5 of the 6 years in the top 3 of the region concerning closed ticket count.

OWNER at Mobile PC Experts
Wichita Falls, TX ▪ 2007 – 2014
+ Worked as owner and technician requiring me to balance my time between the business tasks and client services.
+ Provided PC repair, home theater installation, and networking solutions for customers at their home or business.
+ Built custom gaming rigs for enthusiasts.

EDUCATION

MAKERSQUARE ▪ 2014
Completed web development boot camp
Learned Ruby, Rails, and JavaScript as well as programming techniques
